Passion is everything

If someone like me would want to be like this guys on pictures i would need a lot of really hard work sometimes even 3-6 hours of trainings everyday (maybe not sundays).

Formula 1 car performance

1. Formula 1 cars can achieve the max speed of 372 KM\H.

2. The aerodynamics are so good that in 90 degrees corners they can go up to 80-120 KM\H.

The thing
that made
me love
Formula 1.

The game that inspired me.

2019 is the year that i met formula 1. It was a game on a console, and that 4 years ago i didnt liked racing but the game changed everything. This game made me love racing. And from that moment i play and watch Formula 1.
